

PERMIT APPLICATION: NRS #06-024

APPLICANT: Jeff Baines, Director of Public Works
City of Lebanon
200 Castle Heights Ave.
Suite 300
Lebanon, TN 37087
(615) 444-3647

LOCATION: Project is located within the City of Lebanon and Wilson County Landfill. Dump Road off Old Hunters Point and Highway 231. Unnamed Tributary to Spring Creek. Wilson County.

WATERSHED DESCRIPTION: Surrounding land use is City of Lebanon and Wilson County Landfill. The unnamed tributary flows through the landfill. Riparian is limited to trees along the bank.

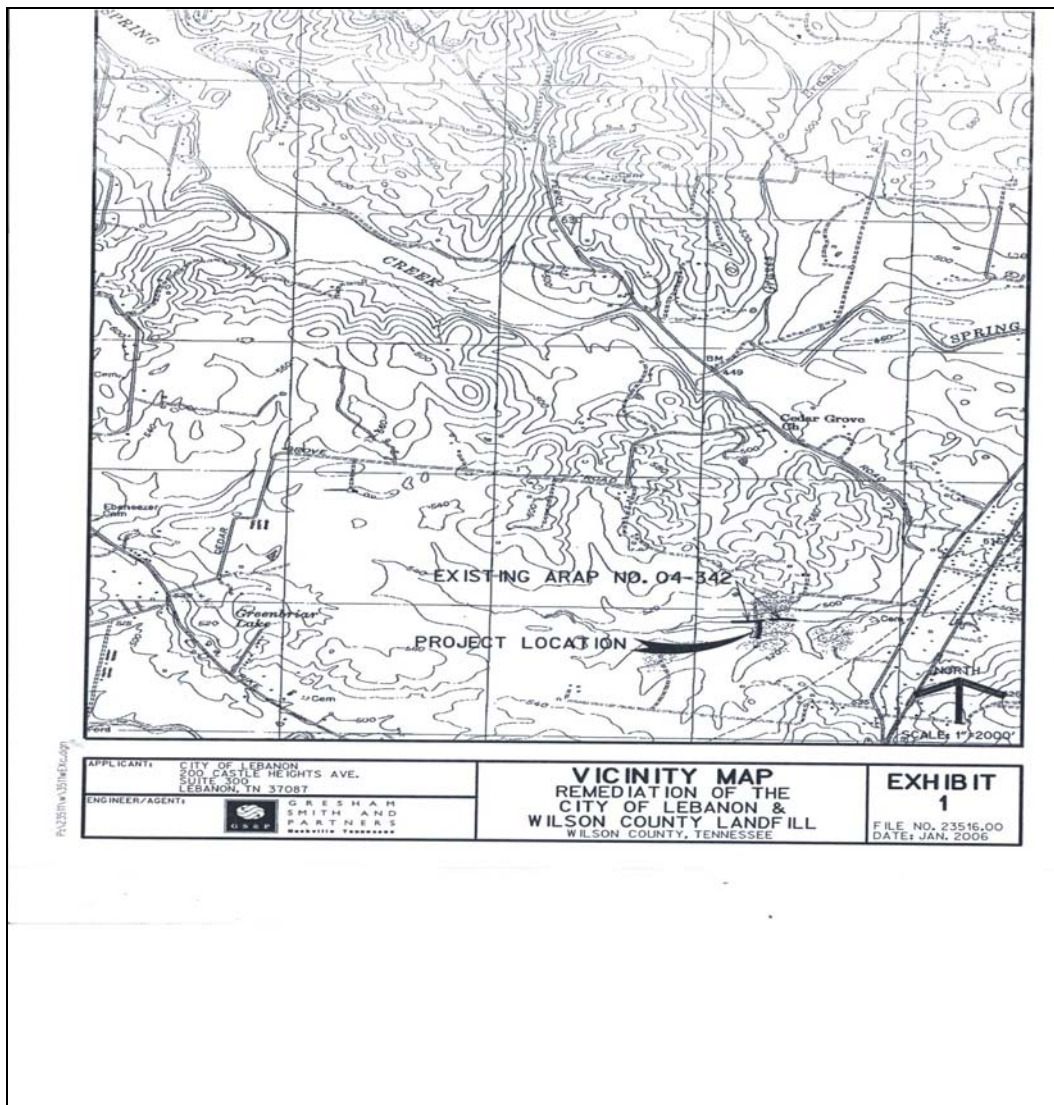

PROJECT DESCRIPTION: The applicant proposes to close and cap the old City and County Landfill. In order to conduct the activity the applicant proposes to remove waste from 850 linear feet of an unnamed tributary to Spring Creek. After removal of the trash from the old landfill site the stream will be reconstructed according to the attached plans. A riparian area will be established along both banks. Trees will be planted in at least two alternating rows on fifteen foot centers.

All work will be performed in the dry. The applicant shall monitor the new stream channel and guarantee that it returns to a stable morphologically functioning stream channel. Annual reports shall be submitted to this office and the U.S. Army Corps of Engineers.

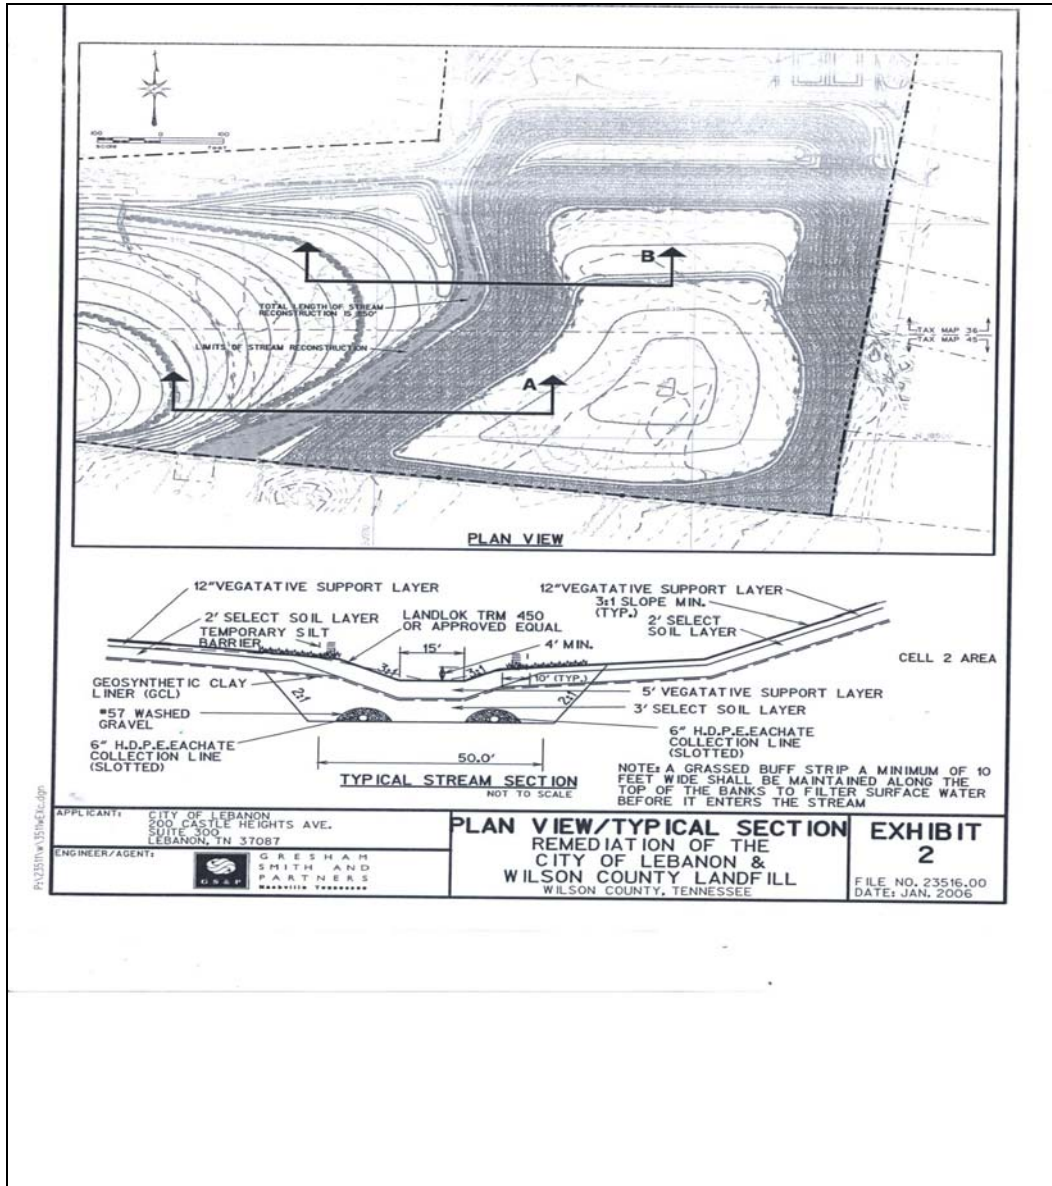

In accordance with the Tennessee Antidegradation Statement (Rule 1200-4-3-.06), the division has determined that the proposed activity will not result in degradation to water quality.
